It was very funny. I had a good day.

Ms. Michelle Saliba
eTwinning Ambassador
HOD Digital Literacy

How Padlet can be used in an eTwinning project

- **for eTwinners to introduce themselves**
- **to display information about their country/ school**
- **to do brainstorming activities on their project**
- **sharing ideas with their partners and write comments**
- **use Padlet to write evaluations/ reflections.**

YouTube

Izmir (Turkey) - Leon Rotob

It was a really nice experience using the vr. I had the opportunity to see the beautiful place of Izmir. Everything looked so real. I saw a lot of interesting places. I saw the markets, different food, the flag and pigeons. Izmir is really a clean place. I really learnt a lot from this experience.

My VR tour to Izmir- zeyan

I liked the vr because it was my first time using it. I saw the clock tower. I saw a lot of people and food. I saw a lot of birds and I saw the wonderful sea. The food looked delicious. It looked similar to our food.

The best part of Turkey- Maria Aquilina

I really like using the vr especially when we learn about IZMİR, Turkey. I saw people, the sea, food and last but not least the clock tower. The most part that I liked is that when we saw the sea because it was really beautiful.

All around Izmir-Zea

When I put on the virtual reality head piece it was like I was in another dimension. There was lots of interesting places.
My favourite place was the market because they have everything you need and want! The markets were nice and there were cafeterias that sell different food that was different from Maltese food.
I did not like the part that everywhere you go pigeons will be there. The place is very clean and if I had a chance I would do the VR again and even if I had the opportunity I would fly there. This was very educational. I hope to see you soon in Malta and that you enjoy our little island.
Hope to hear from you soon,
Zea

My vr tour around Turkey- Zvendrick Tonna

I liked VR because it's really cool. I saw the beautiful clock tower and the unique Turkey flag. I also saw a great statue near the water and I saw the big market in Izmir

The Virtual tour of Izmir - Connor

I had a fantastic experience using the VR because I saw a big tower, shops and a beautiful beach that looked close to me. The tower had some gold on its sides and on top there was the Turkish flag. I really liked the virtual reality because I could almost feel like I was at Izmir.

Interesting place in Turkey- Alaizah

I saw a lot of things.but my favourite one was the castle.It is very tall and beautiful.I saw the flag.The colours of the flag are like the maltese flag which are red and white.Everything was looks real. It was great using the vr.

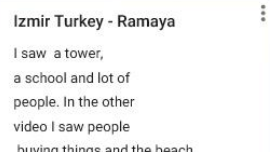

Places I saw in Izmir- Alizea Spagnol

The part that I loved is when I saw the tower. There were lots of people and the place is very big. The part that I didn't like was the sea because it was dark blue and it was wavy. I saw lots of shops, lots of birds, lots of people and some of them were sitting on the floor. I had fun using the VR. Bye see you soon in Malta.

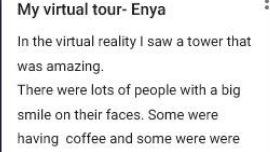

Shacaia's Virtual Tour of Izmir

I saw a tall tower. There were people selling bread at the market. I saw a very beautiful beach and there was people swimming there were big mountains and lots of stalls in the market.

Izmir Turkey - Ramaya

I saw a tower, a school and lot of people. In the other video I saw people buying things and the beach

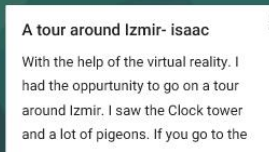

My virtual tour- Enya

In the virtual reality I saw a tower that was amazing.
There were lots of people with a big smile on their faces. Some were having coffee and some were were

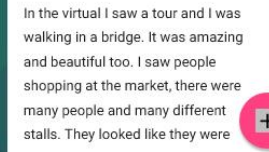

My Vr experience - Malak

I saw the tower, the flag of Turkey and the castle. It was big and beautiful. I

A tour around Izmir- isaac

With the help of the virtual reality. I had the opportunity to go on a tour around Izmir. I saw the Clock tower and a lot of pigeons. If you go to the

A tour around Izmir Turkey by Jasmine

In the virtual I saw a tour and I was walking in a bridge. It was amazing and beautiful too. I saw people shopping at the market, there were many people and many different stalls. They looked like they were

eTwinners please write your comments in this padlet! Thank you.

Valletta Primary - Kinder 1.1 .

The children enjoyed going round Valletta and visiting important places in Valletta and being tourists for the day. The children enjoyed watching their own video and also learning to appreciate others work. children enjoyed meeting others from different schools through live video conferencing.

Ms. Annmarie

Valletta Primary School

Alison Azzopardi - Kinder 2.2

This e-twinning project was a success as all children enjoyed it. The children had fun exploring their own city by visiting important buildings. The Time Machine helped children to understand the concept of time better and becoming aware how precious their Hometown is. They also enjoyed watching other videos and getting to know other students through the video conference. Special thanks goes to Ms. Michelle for inviting us to this project.

From Ms. Alison, Ms. Brenda and all the K 2.2 students.

Valletta Primary - kinder 1.3 Ms Leanne

This experience has been awesome! It was great to connect with different schools and see what each class came up with. The children loved this project so much and I look forward to work on similar projects in the future! Well done to all 😊

Valletta Primary School

Maria Olivari - Kinder 2.1

I must say this was a great experience for us educators and students. Going around the capital city and searching for monuments isn't a usual task for us and thus we had this opportunity thanks to e-twinning! It was a good start for introducing fieldwork to young children. Children were proud of holding the iPad while taking pictures in Valletta and uploading them on the IFP. They also loved playing with the bee-bot. Finally, watching the final presentation of the movie was super amazing! Well done to all schools who participated, we enjoyed watching your interesting movies! Keep up the brilliant work! xx :) Ms. Maria and Ms. Simona and All the students.

Floriana Primary School - Kinder 1 Classes

Our E-twinning project was about 'Safety In Floriana' and our aim was to teach the children the safest ways to go around Floriana.

The children learned that they could use traffic lights to cross the busy roads or subways. In addition, we invited police officers in class where they showed us things related to safety, such as, the emergency number and the role of a police officer. Also, we were escorted by a police officer around Floriana and ended up at the Police Depot.

Furthermore, in class we then had a video conference together with the other schools who also took part in this project. The children enjoyed communicating with other children through the use of the video-cam.

On conclusion, it was a beautiful experience that the kids enjoyed very much.

Ms. Audrey - Kinder 1.1
Ms. Chantel - Kinder 1.2
Ms. Donna - LSE

Floriana Primary school Kinder 2 classes

Exploring gardens - the theme set for this Etwinning project was about gardens and the things we find in gardens such as small creatures and plants. The children enjoyed themselves tremendously as they were able to explore things and insects that they had never seen before.

Once we were able to explore the gardens we then took small insects together with dried leaves, snails and other things to explore at school using the ICT tool (easi-scope) here the children where able to see small things at a larger scale and see details that were not visible before such as the cracks on a small leave and the tiny bits made on it from a caterpillar.

All the children enjoyed themselves during this project and so did we KGE's and LSE's.

Ms Margaret Bartolo KGE 2.1
Ms Maria Delia KGE 2.2

Ms Erica Farrugia LSE
Ms Rebecca Mercieca LSE
Ms Lara Vassallo LSE

Open Wings Kindergarden, Pitești Romania

Through our E-twinning project, children enjoyed learning as much about as much as possible about the traditions of our people, but also but also about children and places in partner countries. They also enjoyed communicating with the children involved in the project through live video conferencing. We are greatfull ofr this great experience. Thank you, Ms Michelle.

I look forward for new projects!

Ms Claudia Popa

Marsa Primary Kinder 1 Classes

This etwinning project was an exciting and learning tool which both students and us educators enjoyed doing together. We decided that the place to go to visit in our locality would have been the Marsa Sports Complex. The day was planned to be filled with lots of different exercises to make it fun and healthy. Our students enjoyed their activities mentioning the Caterpillar Tunnel, passing through hula-hoops, running round the track and in zig zag around the cones and also parachute games. At the end of our activities, we all felt good and happy.

Children also had a pleasant time during our video conference with different schools. We thank you Ms Michelle for this great opportunity. 'Exercise is what we need.'

Ms A. Magdi - K1.1
Ms C. Farrugia - K 1.2
Ms R. Zerafa Hall - K1.3

Marsa Primary Kinder 2 classes

It was a success. The children enjoyed themselves and showed interest throughout the different experiences we shared together. It was an enriching task in which children gained new knowledge about the traditions in our locality. They also enjoyed the interactive video chat with the other schools involved. We are grateful for this wonderful, new experience. Thank you Ms. Michelle!!!

Valletta Primary School

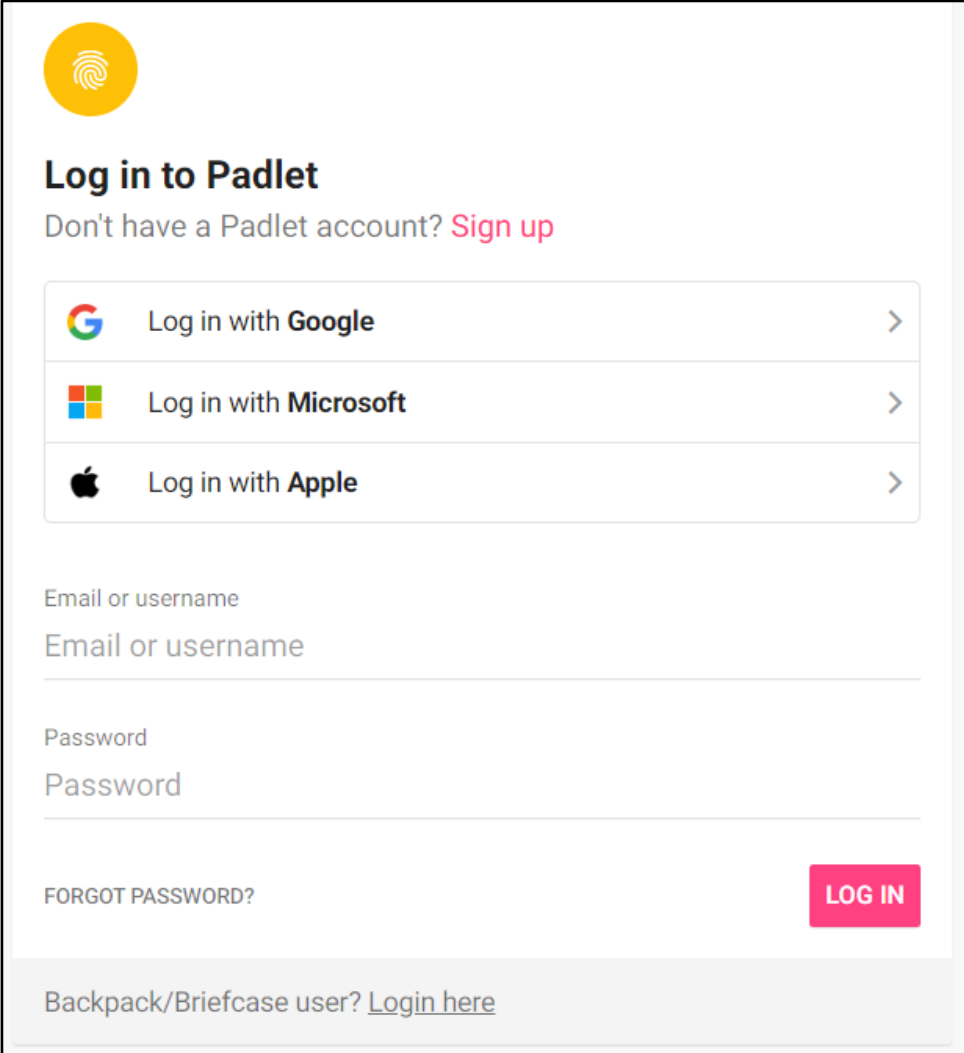

Joana Grech - Kinder 1.2

We enjoyed this e-twinning project. I feel that this was a great success between all schools and Romania. The children had fun preparing the video and meeting with others and asking questions about their traditional hobbies. They also enjoyed seeing the videos of other schools. They also enjoyed the live video conference since they got to meet others live through the video conference. Thank you Ms. Michelle for inviting us to join this e-twinning project.

From Ms. Joana, Ms. Anna and Students in Class K1.2 :)

Logging into Padlet

The image shows the Padlet login page. At the top left is the Padlet logo, a yellow circle with a fingerprint icon. Below it, the text 'Log in to Padlet' is displayed in bold. Underneath, a link 'Don't have a Padlet account? Sign up' is shown in a smaller font. There are three social login options: 'Log in with Google', 'Log in with Microsoft', and 'Log in with Apple', each with its respective logo and a right-pointing arrow. Below these are two input fields: 'Email or username' and 'Password'. A 'FORGOT PASSWORD?' link is located to the left of a pink 'LOG IN' button. At the bottom, a link 'Backpack/Briefcase user? Login here' is displayed.
